Hans Christian Andersen Hans Christian Andersen 2013-03-01 Hans Christian Andersen is one of the world's most popular storytellers and his fairy tales are among the best-loved works of literature. Readers the world over know his poignant tale of The Little Mermaid, who sacrifices everything for love, and The Steadfast Tin Soldier, whose affection for a paper ballerina is symbolised by his transformation into a small tin heart.

Several of Andersen's stories are so well-known - among them The Emperor's New Clothes and The Ugly Duckling - that their titles alone have become meaningful figures of speech. Hans Christian Andersen: Best-Loved Fairy Tales collects one hundred of Andersen's incomparable fairy tales and stories, among them Thumbelina, The Little Match Girl, The Princess and the Pea, The Red Shoes, The Wild Swans, and his fantasy masterpiece The Snow-Queen. This volume is beautifully illustrated with more than one hundred drawings by Dugald Stewart Walker and Hans Tegner, two of Andersen's best-known illustrators.

Fairy Tales Hans Christian Andersen 2006-03-28 A Penguin Classics Deluxe Edition of Hans Christian Andersen's famous tales, from award-winning translator Tiina Nunnally Hans Christian Andersen was the profoundly imaginative writer and storyteller who revolutionized literature for children. He gave us the now standard versions of some traditional fairy tales—with an anarchic twist—but many of his most famous tales sprang directly from his imagination. The thirty stories here range from exuberant early works such as "The Tinderbox" and "The Emperor's New Clothes" through poignant masterpieces such as "The Little Mermaid" and "The Ugly Duckling" to more subversive later tales such as "The Ice Maiden" and "The Wood Nymph." For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Making of Modern Colombia David Bushnell 1993-02-09 Colombia's status as the fourth largest nation in Latin America and third most populous—as well as its largest exporter of such disparate commodities as emeralds, books, processed cocaine, and cut flowers—makes this, the first history of Colombia written in English, a much-needed book. It tells the remarkable story of a country that has consistently defied modern Latin American stereotypes—a country where military dictators are virtually unknown, where the political left is congenitally weak, and where urbanization and industrialization have spawned no lasting populist movement. There is more to Colombia than the drug trafficking and violence that have recently gripped the world's attention. In the face of both cocaine wars and guerrilla conflict, the country has maintained steady economic growth as well as a relatively open and democratic government based on a two-party system. It has also produced an impressive body of art and literature. David Bushnell traces the process of state-building in Colombia from the struggle for independence, territorial consolidation, and reform in the nineteenth century to economic development and social and political democratization in the twentieth. He also sheds light on the modern history of Latin America as a whole.

The Notebooks of André Walter André Gide 2012-02-14 This debut work lays bare the early brilliance and philosophical conflicts of André Gide, a towering figure in French literature André Gide, one of the masters of French literature, captures the essence of the philosophical Romantic in this profoundly personal first novel, completed when he was just twenty years old. Drawing heavily on his religious upbringing and private journals, The Notebooks of André Walter—with its “white” and “black” halves—tells the story of a young man pining for his forbidden love, cousin Emmanuelle. But his evocative memories and devoted yearnings, carefully crafted through quotations and diary excerpts, lead only to madness and death. Annotated with footnotes from translator and scholar Wade Baskin, this story within a story offers a unique portrait of the artist as a young man, as it reveals the key themes of self-analysis and moral conscience that Gide explores in his mature works.

Sleep, Baby, Sleep Michael Hague 1994 A popular artist offers glowing illustrations of favorite night poems and lullabies from such authors as Robert Louis Stevenson, Nikki Giovanni, and William Blake, along with many traditional works, and includes simple melodies for guitar or piano.

Translation Changes Everything Lawrence Venuti 2013 In Translation Changes Everything leading theorist Lawrence Venuti gathers fourteen of his incisive essays since 2000. The selection sketches the trajectory of his thinking about translation while engaging with the main trends in research and commentary. The issues covered include basic concepts like equivalence, retranslation, and reader reception; sociological topics like the impact of translations in the academy and the global cultural economy; and philosophical problems such as the translator's unconscious and translation ethics. Every essay presents case studies that include Venuti's own translation projects, illuminating the connections between theoretical concepts and verbal choices. The texts, drawn from a broad variety of languages, are both humanistic and pragmatic, encompassing such forms as poems and novels, religious and philosophical works, travel guidebooks and advertisements. The discussions all explore practical applications, whether writing, publishing, reviewing, teaching or studying translations. Venuti's aim is to conceive of translation as an interpretive act with far-reaching social effects, at once enabled and constrained by specific cultural situations. This latest chapter in his developing work is essential reading for translators and students of translation alike.
