Modern Engine Blueprinting Techniques Mike Mavrigian 2013 Engine production for the typical car manufactured today is a study in mass production. Benefits in the manufacturing process for the manufacturer often run counter to the interests of the end user. What speeds up production and saves manufacturing costs results in an engine that is made to fall within a wide set of standards and specifications, often not optimized to meet the original design. In short, cheap and fast engine production results in a sloppy final product. Of course, this is not what enthusiasts want out of their engines. To maximize the performance of any engine, it must be balanced and blueprinted to the exact tolerances that the factory should have adhered to in the first place. Four cylinder, V-8, American or import, the performance of all engines is greatly improved by balancing and blueprinting. Dedicated enthusiasts and professional racers balance and blueprint their engines because the engines will produce more horsepower and torque, more efficiently use fuel, run cooler and last longer. In this book, expert engine builder and veteran author Mike Mavrigian explains and illustrates the most discriminating engine building techniques and perform detailed procedures, so the engine is perfectly balanced, matched, and optimized. Balancing and blueprinting is a time consuming and exacting process, but the investment in time pays off with superior performance. Through the process, you carefully measure, adjust, machine and fit each part together with precision tolerances, optimizing the design and maximizing performance. The book covers the block, crankshaft, connecting rods, pistons, cylinder heads, intake manifolds, camshaft, measuring tools and final assembly techniques. For more than 50 years, balancing and blueprinting has been an accepted and common practice for maximi

*How to Write a Book This Weekend, Even If You Flunked English Like I Did* Vic Johnson 2013-04-01 "Who Else

Wants To Write a Book This Weekend?" It's easier than you think! Best-selling author Vic Johnson actually wrote this book in a weekend to prove how easy it is. And he gives you step-by-step detail of everything he did, including the resources he uses to turn out content-rich books in no time at all. How To Write a Book This Weekend is a perfect strategy for first-time book writers who have been discouraged by the thought of pounding out words for months at a time. Inside these pages you'll learn: \* Where to find idea "factories" that allow you to "crowdsource" the hottest trending topics. \* The little-known secrets used by a 19th century Russian immigrant to sell over 100 million print books. \* The "can't fail" method of choosing a title that makes your book irresistible to prospective buyers. \* A "backdoor" Google code that will instantly reveal a treasure trove of valuable research material for your book. \* The magic method that eliminates writers block and produces top quality content in a fraction of the time of other methods. Please note: This method has had proven success on many occasions when applied to non-fiction books. It may or may not be useful for fiction writers. What Others Say About Vic's Methods "Vic Johnson's advice has added tens of thousands of dollars to my business over the past year. In fact, one of his ideas added over \$100,000 revenue in one month. Pay attention to him and his material, you will be glad you did. Vic is one of the best things that ever happened to my business." - Bob Proctor, Best-selling author and star of The Secret DVD "His first course that I purchased for \$60 got me into the industry. I listened to it and wrote everything down point by point and did as much as I could. I made \$8,000 on one site alone." - Roger Gauthier, CEO, Tri-Vision Global, Inc. "Vic is truly a master. He took an idea, a dream, a vision he had, and methodically built it into a mini-empire. Vic is not only one of the most prolific marketers on the Internet today; from dealing with him personally on numerous occasions, I can also vouch that he's one of the most honest, ethical and downright nicest, as well. It's often been said that 'if you want to find the diamond mine, first get yourself the best possible map.' If your goal is to create a six-figure income via the Internet, then the map - in this case - has an actual name. It's Vic Johnson!" - Bob Burg, Best-selling author of Endless Referrals and co-author of Go Givers *Standard Catalog of Imported Cars, 1946-1990* James M.
